Dear Jim:

Thank you for your letter of October 31 advising me of the request received under the Freedom of Information Act for release of information concerning the visit to the Agency on June 14 in which I participated. Of course, I have no objection to this release, and the only comment I would make is that I found the visit most informative and useful and believe it is entirely appropriate for the Agency to maintain active contact with representatives of the university community so that my colleagues and I may be current in our awareness of the Agency's activities, needs and interests.

Sincerely,
